CONTEST GO- ING SOME

All Contestants Working Hard
and a Great Deal of Interest

BEING DISPLAYED

Everyone interested in "The Grand Premium Contest" is very enthusiastic and are well satisfied with the extremely careful manner in which contest is being conducted. Interest is growing all along and this bids fair to be one of the largest and best contests ever pulled off in this county. The promoters and the merchants interested will give and take receipts for all votes issued and their books are open at all times to any contestants to the number of votes given out or to the amount of cash received. During Easter week or until Saturday April 11, all merchants in the contest will be allowed to give 200 votes for \$1.00 in cash and at the end of this time the votes will drop back to 100 to the \$1.00 and remain so until the contest ends. Except in the case of the Earlington Bee who will continue to give 1000 votes on job work and advertising and 2000 on subscriptions for cash. The reason the Earlington Bee is permitted to give ten times as many votes as the others in this contest is on account of carrying a standing advertisement for these merchants in the contest and printing the votes used.

FOREST NOTES

The tenth successive year with out a forest fire has just been passed by the Powell national forest in South Central Utah.

Yellow poplar, or tulip tree, the largest broadleaf tree in America, has been known to reach nearly 200 feet in height and 10 feet in diameter.

Pennsylvania has about 7.12 million acres of timberland, one-eighth of which is owned by the state. The total value of the state's timber is 130 million dollars.

Mistletoe thrives on the western coast to an extent not approached in the east. In many places this parasite growth is responsible, directly or indirectly, for a considerable loss of timber.

Forest officers in Washington and Oregon plan to discontinue the use of barbed wire on their forests. This will affect their own pastures and public drift fences. They say barbed wire has no advantage over smooth wire, that it injures stock, and that it is more likely to burn down by soft snow. Stockmen on the Ochoco forest, in Oregon, recently constructed drift fences of smooth wire, though with some misgivings; now they say they will never use barbed wire again.

Heavy Docket For May Term of Court Circuit Clerk Toombs says there are more than 300 suits now on equity docket and that the May term will be the heaviest for several years.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If tongue is coated cleanse little bowels with "California Syrup of Figs."

Children love the "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

A Railroad Poem

CONSULTING AUTHORITY

Hang up your caps and lanterns,
And pray don't take it hard;
Your engine's been white-leaded,
Your train's in storage yard.
You ask what's in the payroll,
And why is traffic flat?
Consult the railroad expert,—
Ask Mr. Brandies that.

Your overalls are safe there,
On shop and roundhouse wall;
You're men of leisure—10 to 3,—
Some needn't work at all.
You wonder why equipment
Is fixed less frequently?
That needs an expert answer,—
Consult with Mr. B.

Throw down, along the section,
Your crowbar, jack and tam;
Henceforth not roadbed gravel
But city streets you'll tramp.
That maintenance is padded
You rather disagree?
A question scientific,—
Consult with Mr. B.

You puddlers, mixers, rollers,
Your schedules and your scales
You find are growing shorter
On switches, frogs and rails?
You ask what's hit the market
For rail and frog and switch?
There may be expert reasons,—
Let Mr. B. say which.

Why is th' 10.11
Merged with th' 11.10?
Where is our extra smoker?
Where our new station and when?
Calm yourself, Mr. Subbubs,
And take your petty woes
To an expert in railroad science.—
Ask Mr. Brandies those!

—Boston News Bureau Poet.

"FAGGED-OUT" WOMEN

Will Find Help in This Letter.

Overworked, run down, "fagged out" women who feel as though they could hardly drag about, should profit by Mrs. Brill's experience.

She says: "I was in a very weak, run-down condition. Life was not worth living. I could not sleep, was very nervous, stomach bad, and was not able to work."

"I consulted with one or two physicians, without benefit. I read of Vinol helping some one in a similar condition so I began to take it, and it simply did wonders for me. I gained in weight and I am now in better health and stronger than ever. I can not find words enough to praise Vinol."—Mrs. W. H. Brill, Racine, Wis.

Thousands of women and sickly ones were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not we give back your money.

P. S.—For rough, scaly skin, try our Sano Salve. We guarantee it.

LIQUOR A BAR TO PROMOTION

Order Affecting Advance of Steel Employees in Youngstown District

Sharon P.A.—A sweeping order affecting chances of promotion employees of the Steel Corporation's mills, Youngstown district, who use intoxicating drinks, has been promulgated. The order, which is the first of the kind in the Steel Corporation mills, effects more than 6,000 men, and reads as follows: "Hereafter all promotions of any character whatever, will be made from the ranks of those who do not indulge in intoxicating liquors of any kind, and are known to be abstainers or totalabers in all the meaning that these words imply. Foremen in the various departments are instructed to rigidly enforce this rule."

CAIRO, ILL. LAUGHS AS RIVER'S WATERS RISE

Completion of Sixty-Six-Foot Levee Prevents Fear of Flood

Cairo, Ill., April 6.—For the first time in history residents of Cairo and the cities along the Ohio river are watching the rapid rise of the waters of the Ohio and Mississippi rivers without fear.

Danger that the disastrous floods of 1913 and 1912 may be repeated has been dispelled by the completion in advance of schedule time of the levee work here and at Shawneetown and Monro City, for which the legislature last spring appropriated \$330,000.

Protective walls with concrete facing stand seventeen feet above the sidewalks in Cairo. The entire levee protecting this city has been raised to 60 feet. The flood stage in 1913 was 54.8; the levees on the Ohio River front were less than fifty-five feet.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in five minutes you'll wonder what became of misery in stomach

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

You are at liberty to use my statement as heretofore. I had pains in the small of my back when stooping or lifting, I became tired easily. MR. KINGTON MAKES

Statement Regarding Situation At Mortons Gap

THE FOLLOWING APPEARED IN TUESDAY'S HUSLER.

Mr. Kington, stated that there was nothing new in the matter, so far as he knew.

He said this is a very dull time with the coal trade and that he has no orders ahead and has twenty two or three cars on the side track ready for any orders that may come in. He said he had run two days since the men went out and had all the hands needed.

He said that in normal times, during the winter there were about 340 men on the pay roll. This includes the store, ice factory, railroad track and mines proper. He said during this summer, in view of the extreme dullness in the coal business, 100 men are all he could handle until along in August, when business begins to look up.

He said it was a problem with him what to do with the full force during the summer months and that he would have been compelled to lay off quite a number, simply because he could not find work for them to do, but that he had been hummering along trying to do the best he could for them, and giving them all the work he could.

He said he had or could get all the men he needed if he could get orders for coal. He said he had heard of some threats being made in the event the men attempted to work at the mines again, though they were not interfered with on the two days they did work since the strike.

He said the men remaining at work told him they did not go out with the others because they felt there was no occasion for quitting work; that they had been fairly treated, had received good wages and working conditions and felt the strike was uncalled for.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound

Elkhart, Ind.—I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to try Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sarsaparilla. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

BUYING IN DISTANT CITIES.

People sometimes tell the home merchant that he does not sell as cheaply as metropolitan stores or mail order houses in more or less distant cities.

Any person wishing to compare the two scales of prices should inquire whether the distant store was selling the same goods. Second, the products made to look very handsome in a catalogue cannot be that kind of goods. They come back to his store too easily.

It is amusing to see the bother people will take for finding some they think they are saving. They will travel many miles, spend street car fares, pay for lunch, hotel bills, and tips. They get tired and foot sore, tramping around overgrown stores separated by long distances. They wait for change, carry bundles, and pay express. They pay a high price in money and energy for supposed economies.

When you buy goods away from home you rarely take them back. The bother and expense looks prohibitive. When you buy at home you would return them if dissatisfied. This takes the time of clerks, frequently

the goods have been injured while in your hands.

When it is so easy to return goods, the customer must be given both the worth of his money, and something suited to his needs. A higher grade of salespeople is thus required in the home store. To make a sale that will stick so near home, the customer must be given intelligent advice.

Thus the public demands from the home store more competent service than it exacts from the distant merchant. This means additional expense, which is counterbalanced by lower rents and like economies. When you consider how generously the home store responds to all kinds of demands, reasonable and unreasonable, the range of its prices is remarkably low.
